Looking for insight? Intuitive readings are another way to view the world, & your place in it, with a different perspective to gain insight and clarity. The messages come in words, colors, images, sounds, numbers, feelings, etc. As the reading continues, new insights are provided requiring current situations. For many, it provides a safe place to explore a new perspective when there was previous belief of a stuck state. Our readers and their readings are sure to entertain you at the very least and expand your perspective at the very best. Tickets include: 3 course lunch featuring homemade cup of soup, choice of entrée (*Chicken Florentine or Veggie Lasagna*), potato, vegetable, & dessert! Coffee, Tea, Plus opportunity to ask the Psychics questions during the gallery presentation. *Tax & Gratuity included.*
